Date : 16/09/2017

This is further to installation of 25KVA Hybrid Solar PCU for MEDA project at Municipal Corporation building , Kolhapur, Maharashtra on date 30/06/2017.

We & our end user are happy with the product features, performance, energy saving, reliability & after sales support.

This PCU is powering 7.5HP lift, lighting & fan load from SOLAR ENERGY and provides backup for 4 to 5 hours.

We are recommending ENERTECH PCU for further projects.
